In the Market for a Complete Multi-SSID Solution?
Use this handy checklist to compare the WirelessTrakker + Ubiquiti system to other brands on your radar.

Access Points*

Other **WirelessTrakker + Ubiquiti**

- ☐ ☑ Supports 802.11ac access points
- ☐ ☑ APs feature Power over Ethernet functionality

Advanced Security

Other   **WirelessTrakker + Ubiquiti**

- ☐ ☑ Encryption standards like WEP, WPA/WPA2, or WPA/WPA2 enterprise
- ☐ ☑ Integrated RADIUS server for wireless enterprise authentication
- ☐ ☑ Internal VLAN firewall
- ☐ ☑ Integrated inter-VLAN router

Backup and Updates

Other **WirelessTrakker + Ubiquiti**

- ☐ ☑ Automatic configuration
- ☐ ☑ Automatic backup
- ☐ ☑ Automatic software updates

Centralized Management and Control

Other **WirelessTrakker + Ubiquiti**

- ☐ ☑ All networked controllers & APs can be upgraded from a central location
- ☐ ☑ Automatically calibrates & adjusts the power & channel of each AP ☐   ☑
Automatic software updates

Commonly Missed Features for a Complete Solution

Other **WirelessTrakker + Ubiquiti**

- ☐ ☑ DHCP for each VLAN
- ☐ ☑ DNS for VLANs
- ☐ ☑ Multicast DNS (Bonjour)

Comprehensive Reporting

Other **WirelessTrakker + Ubiquiti**

- ☐ ☑ Number of clients per SSID
- ☐ ☑ Most active APs and clients
- ☐ ☑ Client IP address
- ☐ ☑ Amount of traffic transmitted up & down
- ☐ ☑ Client signal strength & channel
- ☐ ☑ Client-connection history & duration
- ☐ ☑ Rogue access-point identification
- ☐ ☑ Anti-streaming media center
- ☐ ☑ Chat-control center

Dual-Band Support

Other **WirelessTrakker + Ubiquiti**

- ☐ ☑ Devices can operate in 2.4 GHz & 5GHz spectrums

Economical

Other **WirelessTrakker + Ubiquiti**

- ☐ ☑ One low subscription price
- ☐ ☑ No recurring licensing fees
- ☐ ☑ No paid tech-support plans (it's free)
- ☐ ☑ Works with Ubiquiti APs you already own

*You must have or buy at least one access point. Available here.

Granular Access Control

Other **WirelessTrakker + Ubiquiti**

- ☐ ☑ SSIDs – up to 4 levels to accommodate staff, students, guests, and administrators

Maximum Coverage and Uptime

Other **WirelessTrakker + Ubiquiti**

- ☐ ☑ Outstanding range
- ☐ ☑ Load balancing to prevent user overload
- ☐ ☑ See which APs are busiest to eliminate potential problems & add APs if necessary
- ☐ ☑ Custom keyword scoring
- ☐ ☑ Detects spam using blacklists, text analysis, & header analysis
- ☐ ☑ Blocks/allows by IP address
- ☐ ☑ Blocks/allows by server
- ☐ ☑ Blocks/allows by email address

Network Access Control

Other **WirelessTrakker + Ubiquiti**

- ☐ ☑ Automated user/device registration
- ☐ ☑ Support integration with active-users directory
- ☐ ☑ Capture information on devices registered on the network (including type of device & status of networking components)

Roaming Functionality

Other **WirelessTrakker + Ubiquiti**

- ☐ ☑ When an AP is at capacity, devices trying to connect to it will be redirected to another signal

Simple Setup

Other **WirelessTrakker + Ubiquiti**

- ☐ ☑ Device comes preconfigured with your settings
- ☐ ☑ Easy DIY installation

Superior Scalability

Other **WirelessTrakker + Ubiquiti**

- ☐ ☑ Unlimited access points per controller
- ☐ ☑ Coverage & capacity can be easily expanded

Troubleshooting and Maintenance

Other **WirelessTrakker + Ubiquiti**

- ☐ ☑ Free unlimited tech support
- ☐ ☑ Free controller upgrades & maintenance
- ☐ ☑ Remote packet capture

Zero Obsolescence

Other **WirelessTrakker + Ubiquiti**

- ☐ ☑ Ongoing equipment and software upgrades

Exclusive Benefits

Other **WirelessTrakker + Ubiquiti**

- ☐ ☑ Specializes in K–12 market
- ☐ ☑ Free tech support, software updates, equipment upgrades, & ground shipping (in continental U.S.)
- ☐ ☑ Free hardware warranty program
- ☐ ☑ Instant, transparent pricing
- ☐ ☑ Discounts for multi-year, multi-service subscribers
- ☐ ☑ Free 30-day trial
